

I urge the Federal Communication Commission to place an immediate injunction on Sinclair Broadcasting to stop it from forcing its stations to air an anti-Kerry documentary days before the presidential election. From news reports that I have heard regarding this situation, Sinclair asserts that the documentary is news while Sinclair's intent is arguably to influence the presidential election. Sinclair should not be permitted to air the documentary if its genuine intent is not to serve the public interest. Stop the airing of the documentary in order to be certain that biased media interests do not taint the democratic process prior to an election. Thank you.
